Studio Policies

Booking Your Senior Session – Once a date and time are figured out for your senior session Doyea Photography will send you a link to the online Senior Portrait Agreement. You can fill out the form and then you will be directed to Paypal where you can pay for your session. The session fee is a non-refundable retainer to hold the date.

Rescheduling – 24 hour notice is required if you need to reschedule your session or you forfeit your retainer. If bad weather is the reason we will make every effort to schedule as soon as possible. We understand that there is a lot of time on your part getting ready for these sessions.

Minimum Order Requirement – There is a minimum order requirement on all sessions. Please take note of how much is for each senior session. These minimum requirements need to be met before any prints will be released.

Ordering – After your session it will be approximately 2 weeks before your images will be ready for viewing. We will need to schedule your ordering session to take place at the studio. I understand with work schedules this may need to be done in the early evening. Please arrive at the order session with a list of images numbers and sizes that you need to order. NOTHING LEAVES THE STUDIO so all decisions need to be made during the ordering session. All payments are due in full before your order is sent off to the lab. We will set up payment plans for any order over \$1000. Returned checks are subject to \$45 return check charge and must then be replaced with a cashier's check, money order or credit card. Any image after not ordered after 30 days will be purged from our system and sent to archive. There will be a \$50 fee to retrieve files from the archive. Any additional order placed after 60 days will be considered a reorder and subject to a \$50 minimum order.

Online Ordering – Images will be loaded onto our online ordering system after your ordering session if requested. This is done so that you may share the images with loved ones and friends that are not able to come with to the ordering session. They will be able to view the images and if they want to order anything they can contact Doyea Photography.

Savings & Discounts – These only apply on your main order. Any reorders or add ons after your ordering session is complete will be at the regular prices.

Copyright – Christy Doyea/Doyea Photography retains the copyright and ownership of all images created during the portrait session and has the right to make reproductions of images for portfolio samples, display, self-promotion, and professional competitions.

The client is obtaining prints for personal use only. It is illegal, under the Federal Copyright Law to make copies or have copies made from these proofs or any other photographs made from this photographic session without the expressed written consent of Christy Doyea/Doyea Photography. Preparing for your Senior Session

We want your senior portraits to reflect you, not the bad fashion trends of today. When you look at your closet... your dresser... your floor... what cloths and accessories most define YOU? What do you grab first when you're going someplace special? How do you style your hair? That's a good place to start.

DO's

- Solid colors, long or ¾ sleeves.
- Variety – t shirt 'n jeans, sweater and khakis, a formal dress, tie and dress pants, flip flops, boots, and your letter jacket. Hats, if you wear them, are a great way to change your look easily. Remember different colors too – you don't want every portrait to be of you wearing blue.
- Keep it PG. Swimsuits and showing a little skin is fine, see-through clothing or nudity isn't.

DON'Ts

- Big logos, plaid and stripes.
- Changing your hair (style or color) right before your session. You won't look like YOU. Don't get a fresh cut less than a week before your session. You might not like it. Wear it in your regular style for great images that look like "you." Bring your comb/brush, hairspray, clips, ties etc. you might need it. Another thing, hair in the eyes is a pain to retouch. Take care to style your hair around your eyes.
- Sunburn. Take care not to burn before your portrait session. (Red, peeling skin is difficult to correct). If you regularly tan, fine. If you don't, now's not the time to try. Besides, tan lines are not a good portrait look!

Added Info:

Glasses: You can usually borrow empty frames from your optometrist to use for your session. If you can't do that then we can remove your lenses. Removing glass glare during retouching rarely looks natural.

Teeth/braces: We can and do lighten teeth somewhat, but cared for teeth will show up in your images. Remember, braces or not, smiles are wonderful in portraits and braces are not nearly as noticeable as you might think, but a sour, sad, closed mouth expression is noticeable. Braces can be removed for an added fee.

Scars and Tattoos: Let us know before the session if you want tattoos to show or be hidden. Scars can also be removed or softened – just ask.

Blemishes: Acne is touched up during post-processing. Don't let a breakout keep you from your session!

Jewelry: Special jewelry (i.e., neck chains, watches, rings, etc.) are nice in your images, don't forget to bring them – especially your senior ring. If you have a tan line from your watch, then “wear it”. But DON'T overdo jewelry items. You want your images to show YOU. Bring a zipper case to keep your loose items in.

Nails: Hands may show in some of your poses, so your nails should be neat. Girls make sure your nail polish matches all your outfits. Also, don't forget your toenails as some images may be taken barefoot or in sandals.

Props: Bring favorite items or hobby items i.e., musical instruments, skateboards, athletic balls, uniforms, equipment, headsets and iPods, hats/caps/visor, sun glasses, trophies/awards and other items which can personalize your images. If you want an image including your car, make sure it's clean and shining. Pets are allowed so make sure they are clean and ready.

Shoes: Bring appropriate footwear for your different outfits. Everything should be clean.

Questions and Answers

Q: Can I change my hair style?

A: Yes we have a changing room that you will be able to use to change cloths in and your hair style if you wish to do so.

Q: Do you suggest getting hair and makeup done professionally?

A: Yes and in fact we have a hairstylist and makeup artist that can come to the studio and help you there. If you are interested in her services please message Doyea Photography and she'll get you in contact with her.

Q: Can we do some inside?

A: Yes of course. We love to do sessions mostly outside but if your outfit will work with some of our studio drops we will do some inside as well.

Q: Where do I change clothing during my outdoor session?

A: If we stay around the studio we walk back between outfits. If on location there are a couple options. We could go to a gas station or somewhere so you could change or your other option would be to change in the backseat of a vehicle.

Q: I want some taken at my home. Is this possible?

A: Yes we can travel to your home. If it's in Grand Forks or East Grand Forks there will be no travel charge. If it is a home in the country there is a fee of \$.60/mile round trip.

Q: I have purchased my images, why can't I make copies of them? I purchased them, they belong to me, right?

A: Unfortunately not. Doyea Photography retains all the rights to your images, regardless of whether you purchased them or not. The Federal Copyright Act gives exclusive rights of reproduction to the sole creator of the images, in this case Christy Doyea and Doyea Photography. It is illegal to copy, scan, or reproduce your images in any form. If you purchase a digital package you will receive a release to print what you want were you want.

Q: Do we have to order a package?

A: No over course not. You can order from the pricing guide but you will need to meet the minimum order required in your session fee
